---

### Policy Statement

In 1990, the federal government passed a set of laws designed to protect individuals with disabilities from discrimination. This law is known as the Americans with Disabilities Act (ADA).

Lansing Entertainment and Public Facilities Authority (LEPFA) strives to provide all guests with an equal opportunity to participate in all services, programs, and activities. This includes those guests with special needs resulting from physical or mental disabilities. In order to achieve an equal opportunity for all guests, LEPFA has implemented policies and procedures that have heightened awareness of the needs of disabled individuals.

LEPFA management has instituted a comprehensive ADA plan designed to focus on the overall satisfaction for guests with disabilities. Individuals, who would like to review our ADA policies, may review the copy located at the administration office reception desk.

### *Accessible Seating*

Accessible seating is provided for all LEPFA- produced events. If you require special seating for a non-ticketed, private event please notify your event planner and LEPFA will make special arrangements to provide accessible event seating.

### *Assistive-Listening Devices*

Receivers are available for all events and provided free of charge. LEPFA assistive-listening systems are portable and require technicians to place in locations in advance of events. Guests who require assistive-listening devices should contact their event planner or our main reception line at 517-483-7400 (ext. 0) to ensure a system will be available prior to attending the scheduled function.
